C O N T E N T S

ACKNOWLEDGEMENT .....

ABBREVIATIONS .....

STEERING COMMITTEE MEMBERS .....

RESOURCE PERSONS.....

EXECUTIVE SUMMARY i

1. ANDHRA PRADESH PROFILE..... **1**

Geography and Climate.....1

Demographics 1

Agricultural and Allied sectors 2

Industries and Labour 4

Education 5

Energy 5

Transport 6

Poverty and Unemployment 6

Tourism and Heritage 7

2. NATURAL RESOURCES AND ENVIRONMENT **9**

River Basins.....9

Climate 11

Rainfall 11

Humidity 11

Agro-Climatic Zones 12

Soils 12

Land 14

Water resources 14

Surface water potential 14

Groundwater 14

Forest 15

Flora and Fauna 15

Geology 15

Minerals 16

3. BIODIVERSITY 21
Pressures 21
Loss of habitats 21
Invasive alien species 21
Climate change and desertification 22
State 22
Impact 26
Habitat fragmentation 26
Depletion of genetic diversity 26
Response 28
Methods of conservation adopted in the State 28
Oral traditional knowledge 29
Biological Heritage sites declaration in the areas of the concern..... 29
Documentation of traditional knowledge 29
Case Study: Yanadi Traditional Health Knowledge 30

4. FORESTS AND WILD LIFE 32
Pressure 32
Fuel wood 32
Forest felling 33
Grazing 33
Forest fires 33
Encroachment and illegal felling 34
Podu cultivation 35
Land diversion for developmental activities 35
State 35
Forest area and forest type 35
Forest classification in the State 37
Area under different forest types 39
Timber and non- timber production 39
Non-Timber Forest Produce (NTFP) 40
Medicinal Plants 41
Protected areas 42
Impact 44
Response 45

Joint Forest Management ……46
Case study ……48
Forest (Conservation) Act,1980…… 49
Soil and Moisture Conservation Programme ……50
Development of Ecotourism sites …… 50

5. COASTAL AND MARINE ECOSYSTEM …… 51

Pressure ……51
State ……53
Coastal Andhra Pradesh ……54
Coastal fishermen ……55
Marine wealth ……55
Sea weeds and sea grasses …… ……58
Mangroves ……58
Impact ……59
Disasters ……60
Response ……62
Coastal Regulation Zone Notification ……62
Andhra Pradesh Marine Fishing Regulation Act, 1984 …… 62

6. WATER RESOURCES AND IRRIGATION …… 63

Pressure …… 63
Irrigation ……63
Water supply ……67
Industrial water use ……67
Power requirements ……68
Rainfall ……68
State…… .69
Surface water resources ……70
Groundwater resources ……73
Categorization of areas in the state ……75
Tanks ……76
Water balance ……76
Impact ……76
Surface water quality ……78
Groundwater quality ……79

Siltation of reservoirs ……...80
Response ……..…81
National Water Policy, 2002 ……..…..81
Watershed management ……..……82
Lift Irrigation schemes..……..……82
A.P. State Water Sector reforms……..……82
Managing industrial effluents …… 84
Watershed Development schemes ……..84
Groundwater legislation ……...……..85
Case study on restoration of tanks ……...……..85
Case study of Palukuntlapalle micro hydrological unit Artificial recharge to ground water 86

7. AGRICULTURE AND ALLIED SECTORS ……..87
Pressure ……..88
Land utilization ……88
Influence of rainfall ……..…88
Animal Husbandry ……...……..90
State ……91
Area and production of agricultural crops ……...…….. 91
Irrigation ……..……92
Area and production of horticultural crops ……...…… 93
Dairy and Poultry development ……..……96
Sericulture ……...……97
Impact ……..…97
Fertilizer consumption ……...……97
Pesticide consumption ……..98
Bio-Pesticides ……...98
Surface and ground water pollution ……....98
Methane emissions due to water logging …… 99
Response ……...99
A.P. Micro Irrigation Project ……..…...99
Agricultural strategies for boosting output of food grains …… 100
Soil testing ……100
Supply of fertilizers ……..100
Organic farming …… 101
Technology Mission on cotton under Mini-Mission-II ……102

State Horticulture Mission ……. 103
Mushroom labs ……104
Biotechnology centers ……104
Farm machinery and implements ……107
Solar fencing ……108
Agricultural marketing ……108
System of rice intensification ……109
Farmers' training ……109
Technology transfer to farmers……... 110
Farm women empowerment ……111
WTO cell ……..112
Value addition ……..112
Composting ……..112
Agriculture Technology Mission ……113
Agri-export zones ……113
Food parks ……...113
Dry land farming ……114
Waste land development ……115
Activities taken up in fisheries ……...115
Initiatives for sericulture development ……116

8. ENERGY ……... 117
Pressure ……117
Performance of State in the energy sector ……... 119
Power supply position ……120
State ……..120
Fuel consumption ……120
Electricity generation …… 121
Power generation by State's own projects ……121
Installed capacity ……122
Status of electrification ……..125
Projects under development…… 126
Renewable energy sources ……..126
Impact ……127
Air environment ……127
Fly ash utilization ……127

Water environment …….....……..……128
Noise environment …….....……129
Land environment …….....……..129
Biological environment …….....……..129
Socio-Economic environment ……..…… 129
Response ……..……129
Electricity Act, 2003 ……129
Benefits to BPL domestic consumers ……..130
Accelerated power development and reforms program ……130
Rajiv Gandhi Grameena Vidyuteekaran Yojana …….....…130
Energy management policy ……..130
Wind energy policy ……131

9. MINING …….…… 132
Pressure ……..……..132
State ……133
Leases and existing mineral based industries ……135
Mineral deposits ……..139
Mineral Production and Value ……..142
Revenue ……..……..143
Impact ……144
Environmental effects of mining ……144
Blasting and Mine accidents ……145
Health impacts ……145
Loss of livelihoods ……..146
Response ……146
Mineral projects ……..147
Policy initiatives ……..147

10. INDUSTRIAL DEVELOPMENT ……...……149
Pressure ……..149
State ……..150
Impact ……155
Air Quality ……156
Industrial Infrastructure Development Fund ……158
Critical Infrastructure Balancing Scheme …….....158

Environment Clearances ……159

11. TRANSPORT ……..160

Pressures and State ……..160
Road infrastructure, vehicle population and transport ……..160
Passenger transport ……..……..162
Goods transport ……..163
Railway transport ……164
Airways ……..……164
Ports ……166
Impact ……..…..168
Road Accidents ……..……..169
Pollution ……171
Health ……171
Response ……..…171

12. TOURISM ……...……174

Pressure ……..……174
Objectives ……..……..174
Incentives and concessions ……..……174
State ……..……175
Natural Heritage ……..……179
Impact ……..……..184
Endangered species ……..…… 185
Response ……..……185
Theme based tourism ……186
Documentation of Bio-diversity ……..……186
Development of rural tourism …….. ……187

13. URBAN DEVELOPMENT ……..…… 190

Pressure ……..…… 191
Impetus to Urban growth ……..……..192
Major conurbations ……..…193
Regional distribution of urban population ……...…… 196
Growth of towns by Class size ……..……196
Growth pattern in individual towns and cities ……..……196

State ……199
Pattern and trend of urbanisation ……199
Rapid land use and land cover changes ……199
Disarray of drainage network and loss of surface water spread ……200
Impact …… 202
Change in land use resulting in increase in vehicular traffic ……202
Increase in population ……202
Increase in demand for water ……203
Economic growth ……205
Poverty and growth of slums ……205
Crime and social unrest ……206
Response ……208
Environmental conservation and protection initiatives ……208
Drinking water supply initiatives ……209
Sewerage development initiatives ……209
City development Initiatives …… 210
Poverty alleviation program …… 212
Social security schemes ……214
Current projects in urban areas of Andhra Pradesh ……215

14. RURAL DEVELOPMENT …… 216
Pressure ……216
State ……216
Demographic details …… 217
Employment and rural livelihood ……217
Rural water supply and ground water table ……217
Sanitation ……222
Electricity ……223
Health ……223
Impact ……226
Response ……226
National Policy on Sanitation …… 227
Indiramma Programme ……227
MGNREGA ……228
Bio-diesel Plantations ……229
Indira Prabha ……230

Watershed Development & Drought Relief Programmes ……230
Institution development through Self Help Groups …….…… 232
Indira Kranthi Patham ……233
Swarnajayanthi Gram Swarojgar Yojana ……233
Water supply and Drinking Water Programme …….… 234

15. ENVIRONMENT AND HUMAN HEALTH …….. ……238
Pressure …….. 239
State ……..……241
Impact ……249
Environmental burden of disease ……249
Climate change ……250
Pollution ……250
Water borne diseases ……..……..254
Vector borne diseases ……257
Other infectious diseases ……..…… 258
Non- communicable diseases …….… 258
Malnutrition and obesity ……..……259
Mental Health ……..…… 259
Birth defects …… …….. 259
Cardio vascular, neurological and endocrinal diseases and cancer …….. 260
Skin disorders …… 260
Urbanisation ……260
Road traffic accidents ……....260
Behaviour ……..……261
Health indices – nutrition and over weight ……..……261
Environmental exposure ……262
Response ……..……262
Education ……..……263
Advocacy ……263
Policy and legislation …… 263
Research and other initiatives ……..…… 264
Infrastructure ……264
Surveillance …….....……264

16. ENVIRONMENT POLLUTION ……..……. 265
Pressure …….....……265
Air pollution …….....…… 265
Microbial pollution …….....…… 267
Water pollution …….....……267
Noise pollution …….....……268
State ……..……268
Status of water pollution ……..……..274
Impact ……276
Green house effect ……..……276
Global warming ……277
Ozone depletion ……..…… 278
Impact of water pollution ……278
Impacts of noise pollution ……..…… 279
Response ……..280
APWALTA ……280
Sewage management in Andhra Pradesh……280
Cleaner Production Cell ……..……281
Clean Development Mechanism ……..……283
Common Effluent Treatment Plants ……284

17. SOLID WASTE MANAGEMENT ……..…… 286
Pressure ……286
Municipal solid waste ……..287
Hazardous waste …….....287
Bio-medical waste ……...287
Plastic waste …….. 288
E-waste ……288
State ……..288
Hyderabad Integrated Municipal Solid Waste Management project ……...290
Industrial Waste ……..291
E-waste ……293
Impact …….....293
Response ……..……295
Municipal solid waste management in Andhra Pradesh.……..…… 295
Guidelines for selection of landfill sites ……..……297

Integrated Solid waste Management Board ……297
Bio-medical waste management in Andhra Pradesh..…… ..298
Implementation of Plastic Rules ……300
E-waste ……302
Fly ash ……..302

18. ENVIRONMENTAL ACTS AND LAWS ……..…… 304
Management of hazardous chemicals and environment,
health and safety regulations …… ..305
Acts ……..306
Rules ……309
Specific laws for Andhra Pradesh …… .311
APWALTA, 2002 ……311
Groundwater protection ……312
Surface water protection ……312
Trees ……312

19. GREEN MOVEMENTS ……..…… …314
Koya Movement ……...314
Kolleru Lake Movement ……315
Save Musi River Campaign ……..315
Hyderabad Green Campaign ……316
Fishermen oppose Power plant ……317

ANNEXURE

Water quality status of the major lakes and rivers ……..……a1-a9

References ……..318
