EXECUTIVE SUMMARY	i
1. HYDERABAD PROFILE	1
Demographics	2
Geography and Climate	2
Transport	4
Lakes in Hyderabad	5
Slums and Urban Poverty	6
Water supply and drainage system	6
Industries	6
2. HERITAGE AND TOURISM	8
Pressure	8
State	10
Impact	11
Response	18
Tourism Policy, 2006.....	21
3. BIODIVERSITY AND CLIMATE CHANGE	22
Pressure.....	22
Urbanisation	22
Fragmentation of habitats.....	22
Invasive alien species	22
State	25
Cycads	25
Biodiversity at ICRISAT.....	29
Benthic organisms in Hyderabad	35
Flora at University of Hyderabad (Central University)	40
Impact and policy response.....	59
4. WATER RESOURCES	61
Pressure	61
Contamination of water bodies	61
State	63
Groundwater resources	64
Water supply schemes	65
Source of water	65
Impact	66
Loss of water bodies	66
The shrinking lakes	66
Hussainsagar	66
Osmansagar and Himayatsagar	66

Other water bodies	67
Response	70
5. WATER SUPPLY AND DRAINAGE	73
Pressure	73
Increase in demand for water	73
State	75
<i>Storm water</i>	76
Impact	77
Responses	78
<i>Water supply</i>	78
Packaged water	79
Projects under JnNURM	79
STP's taken up under NRCD project	81
6. INDUSTRIAL DEVELOPMENT	82
Pressure	82
State	82
Impact	84
Response	85
Ban Notification (Industrial siting policy)	85
Protection of catchment area of Osmansagar and Himayatsagar lakes	85
Closure of industries in the catchment of Noor. Mohd. Kunta	85
Zoning Atlas	86
Eco Industrial Parks	86
Industrial Infrastructure Development Fund	87
Critical Infrastructure Balancing scheme	88
Special Economic Zones.....	89
Environment Clearances (EIA Notification, 2006)	90
7. TRANSPORT	91
Pressures and state	91
Impacts	95
Road accidents	96
Air pollution and health hazards.....	97
Responses	97
MMTS	97
Hyderabad Metro Rail	98
Widening of roads and building flyovers	98
Prohibition of entry of old vehicles	99
Levy of Green Tax	99
Bus transport	99
Outer Ring Road	99
Fiscal policy to support public transport	100
Exemption of tax for clean fuel vehicles	100
Levy of additional life tax	100
Restriction of number of autos	100
Manufacture of Euro-III model vehicles only in Hyderabad district	101
Encouragement of green fuels	101
CNG programme.....	101
Usage of Bio-diesel in APSRTC.....	102

	Auto LPG Dispensing Stations	102
	Strengthening and networking of PUC testing centers	102
	Vehicle inspection programmes	102
	Parking policy and pedestrianisation	103
	Providing online services	104
8.	ENVIRONMENT POLLUTION	105
	Pressure	105
	State	105
	Noise pollution	110
	Water pollution	111
	Impacts	113
	Air pollution	113
	Water pollution	113
	Noise pollution	114
	Responses	115
	Source apportionment studies - Hyderabad	117
	Action plan for lowering of air pollution in Hyderabad	121
9.	URBAN ENVIRONMENTAL MANAGEMENT	123
	Pressures and drivers of urban environmental problems	123
	Growth of urban population	124
	Solid waste generation	124
	Biomedical waste generation	125
	Industrialisation	126
	Urban poverty and growth of slums	126
	State of urban environmental problem	128
	Large volume of generation of solid waste	128
	No segregation of solid waste	128
	Generation of hazardous waste	128
	Biomedical waste generation	128
	Waste from slaughterhouse	129
	E-waste	129
	Consumption of electricity	130
	Growth of slums	131
	Response for improving urban environment	131
	Setting up of common incinerator	132
	Monitoring of pollution level and measures undertaken to improve condition in Bollaram – Patancheru region	133
	Biomedical waste generation and disposal	133
	Solid waste disposal	134
	Sewerage system	136
	<i>Waste water treatment</i>	136
	Energy production	137
	Alternative energy	137
	Urban waste management options	138
	Poverty alleviation programme	138
	Projects under JnNURM	139
	<i>Restoration and conservation actions- Green spaces</i>	139

10. ENVIRONMENT AND HEALTH	141
Pressure	142
Environmental burden of disease	143
Climate change	143
<i>Pollution</i>	144
Air pollution	144
Water pollution and water borne diseases	144
Vector borne diseases	145
Diseases of affluence	145
Environmental exposure	146
State	146
Impact	147
Response	154
<i>Education</i>	154
Policy and legislation	155
Research and other initiatives	155
<i>Surveillance</i>	155
11. ENVIRONMENTAL CONCERNS IN HYDERABAD	156
Air Pollution	156
Water Pollution	157
Deterioration of water bodies	158
Migration of people	158
Waste Management	158
Drainage and Sewerage System	159
Traffic congestion	159
Conclusion	159
12. GREEN MOVEMENTS IN HYDERABAD	161
Save Musi river campaign	161
Hyderabad Green Again Campaign	161

ANNEXURE

Major Chemical Accidents Occurred from 2002 to 2009..... a1 – a2
